OUR MISSION

Weston FC is committed to providing its players with the finest training available. Skill development is a primary goal of the organization. This is achieved through a variety of complimentary programming. As part of this programming, Weston FC will be offering a comprehensive summer camp program at Weston Regional Park. The previous camp programs offered by Weston Fury and COR4 have now merged forming the Weston FC Camp, led by Directors of Coaching, Carlos Parra and Pat Cordell, who will be assisted by several of the highly qualified staff coaches, many of which have international and national playing experience and hold USSF "A", "B" or "C" licenses.

The Weston FC Summer Camp program's focus is to provide all levels of players the opportunity to train, maintain and improve their abilities in preparation for the upcoming season in a fun, positive and safe learning environment promoting participation, creativity and a love of the sport.

Camps will incorporate technical development, tactical comprehension, and principles of play through skill sessions such as receiving balls out of the air, 1v1, 2v2, shooting, etc. The schedule will vary daily but will always start with a speed and agility session to warm up. Camp staff will evaluate each camper's level throughout the week to see if there needs to be movement, up or down, in their grouping. On the final day of camp, the staff will review skills learned and have games and competitions to bring everything together. The key to learning soccer skills is to maximize ball touches and repeat skills many times.

Camp is open to players ages 5 through 18. Campers will be grouped based on age and ability. There will be an elite group for players ages 14-17.
